Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Arkansas Highway 10 in fiscal year 2027. The entity to receive funding for this project is the Arkansas Department of Transportation, located at 10324 Interstate 30 Little Rock, AR 72209. The funding would be used to widen a 1.83-mile portion of Highway 10, between Highway 71 and Coker Street in Greenwood, AR, from two to five lanes. The project is an appropriate use of taxpayer funds as upon completion of current construction on the Greenwood Bypass, this portion of Highway 10 is expected to receive increased traffic traversing across the River Valley Region. Foremost, widening this stretch of highway will enhance the safety of travelers, as right now it is a two-lane road accommodating all vehicles. Lastly, the Arkansas Department of Transportation has included this project on its 2025-2028 Statewide Transportation Improvement Program plan.

The project has a Federal nexus because the funding provided is for purposes authorized by 23 USC 133(b).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Steve Womack  
Member of Congress
