The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, DC 20515

Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the City of Green Forest Water and Sewer Upgrades in fiscal year 2027. The entity to receive funding for this project is the City of Green Forest, located at 203 S. Springfield Avenue, Green Forest, AR 72638. The funding would be used to replace existing asbestos-cement water lines with durable modern piping, construct new transmission lines, and make improvements to the wastewater treatment facility. The project is an appropriate use of taxpayer funds because it will protect the health and well-being of city residents through the installation of modern piping for drinking water and support the continued growth of the city through increased sanitation capacity.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(2)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Steve Womack
Member of Congress
