Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Winslow Water System Improvements in fiscal year 2027. The entity to receive funding for this project is the City of Winslow, located at 108 N. Winslow Blvd, Winslow AR 72959. The funding would be used for critical improvements and upgrades to the system's three main water tanks, including SCADA upgrades and tank repairs, to meet regulatory standards and ensure long-term access to safe drinking water. The project is an appropriate use of taxpayer funds because it will ensure the continued health and safety of the city's residents.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Steve Womack
Member of Congress
