Committee on Appropriations

Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Huntsville Water System Improvements in fiscal year 2026. The entity to receive funding for this project is the City of Huntsville, located at 208 E War Eagle Avenue Huntsville, Arkansas, 72740. The funding would be used for the construction of a water tower in an area of the city that has low pressure and upgrades to the City's clay water lines from 1964. The project is an appropriate use of taxpayer funds because it will provide water to the town's residents and ensure the fire department has an adequate supply of water to suppress fires.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Steve Womack  
Member of Congress
