Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the 13th Street Bridge Repairs/Improvements project in fiscal year 2024.

The entity to receive funding for this project is the City of Little Flock, Arkansas. The City's Address is 1500 Little Flock Drive Little Flock, Arkansas 72756 and the project is located in Little Flock, Arkansas. The funding will be used for repairs and improvements to the 13th Street Bridge. This project is an appropriate use of taxpayer funds because the bridge is in disrepair due to a high volume of commuter traffic and several significant flash flooding events. The bridge is at grade and crosses over a creek. The project would upgrade the bridge to account for the increasing commuter traffic and for the structural integrity necessary for flash flooding events.

This project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S. Code 5305(a)(2).

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Steve Womack
Member of Congress
